Lancers Soccer

The Sport of the 80's

If soccer is the sport of the 80's then the Rochester Lancers hope to be the team of the 80's.

Ten years ago the Rochester Lancers entered the North American Soccer League and won the Championship in their first year. Today the Lancers enter the 1980's with the same determination and fight that took the title in 1970.

Ray Klivecka has signed with Rochester as Head Coach and General Business Manager. His job is to build the Lancers on and off the field into the League's strongest franchise and eventually win the Soccer Bowl. The former New York Cosmo Coach has always been associated with two things in soccer. Winning and excitement. His teams have always been exciting with scores like 5-3 or 4-2 common results. The other result is that his team is usually on the winning side.

Klivecka's goal of reaching the 1980 Soccer Bowl is not impossible considering he is not starting from scratch. Rochester barely missed a wild card playoff birth in 1979 as rookie scoring sensation Branko Segota scored 14 goals in the last nine games of the regular season to lead the Lancers to within one point of Toronto and the playoffs.

Segota isn't the only scoring threat returning from last season's 15-15 club. Mike Stojanovic, the Lancers all time leading scorer with 40 goals and 28 assists set a club record in 1979 for most assists in a season with 13. Add high scoring forwards Ade Coker, Pat Ercoli and Fred Grugurev and Klivecka will have the nucleus for quite an offensive attack.

Dusan Lukic an offensive minded midfielder was acquired from Philadelphia to add some punch to an already strong defensive midfield featuring Renato Cila and Val Tuksa.

On defense will be newly acquired Laszlo Harsany from San Diego, along with Jim Pollihan and Damir Sutevski. Young sweeper back Jim McLoughlin returns for his first full season as a starter.

Goalies Enzo DiPede, Ardo Perri and Emanuel Schwartz will battle during training camp for the starting spot.

Several of this season's Lancers competed in the Major Indoor Soccer League during the Winter. A large portion of those players helped the New York Arrows capture their second straight playoff title. Segota and Coker (New York Arrows), Ercoli (Detroit Lightning) and Grgurev (Philadelphia Fever) were all among the MISL's leading scorers.

Lancers Soccer

The Sport of the 80's

Klivecka's front office staff lead by popular Harry Abraham also worked hard during the winter on special promotions such as "Town Nights" in hoping to pack Holleder Stadium for every game. The Lancer staff isn't working alone this year.

The Rochester Area Chamber of Commerce has pledged full support of the Lancers in hopes of keeping Rochester's only major league franchise home.

The NASL has made roster changes for 1980 requiring that at least three North Americans be on the field at all times. Rochester has nothing to worry about having led the League in 1979 in use of North Americans. Almost five North Americans or 427.6 minutes per game for Rochester kept New York a distant second with 347.1 per game.

Yes, the Rochester Lancers are making several key moves to help make soccer the sport of the 80's. The first move is to become 'Team of the 80's.'

Playoff Structure

The playoff structure of the NASL reflects the size and competitive level of the League. Under the system, 16 teams will qualify — the top two in each division as well as two wildcards from each Conference. Wildcard teams will be entered solely on the basis of total points in the final standings.

1980 Playoff Dates

Tues.-Thurs.	Aug. 26-28	Conference Quarter-Finals (First Round)
Fri.-Mon.	Aug. 29- Sept. 1	Conference Quarter-Finals (Second Round)
Tues.-Thurs.	Sept. 2-4	Conference Semi-Finals (First Round)
Fri.-Mon.	Sept. 5-8	Conference Semi-Finals (Second Round)

Fri.-Mon.	Sept. 12-15	Conference Championships (Second Round)
Sun.	Sept. 21	Soccer Bowl-80, RFK Stadium Washington, D.C.

Playoffs will progress within Conferences to produce an American and National representative for the Soccer Bowl.

Following is the manner in which teams will qualify and be paired for the Conference Quarter-Finals:

Home and home series will be played in the quarter-finals, semi-finals and conference championships. The first round of the semi-finals and conference championship series will have the team with the least points hosting the team with the most points. The team with the most points will host the second game of each series. The NASL Championship, Soccer Bowl, is one game.

Formula for Breaking Standings Ties for Playoff Positions

An eight-step procedure is used to determine the order of finish in regular season play if there are any ties that exist in the point totals. The order of finish within a division is determined as follows:

- greatest number of points determined by the NASL point system
- greatest number of points; accrued by results only (i.e., no bonus points)
- the greater goal difference (goals for minus goals against)
- the most outright wins (i.e., no overtime, no shootout wins)
- the greater number of goals scored
- procedures a thru c applied to road games only
- procedures a thru c applied to home games only
- coin toss

Rules

Condensed Rules of Soccer

Rule 1 — The Field of Play. (Diagram above).

Rule 2 — The Ball (NASL approved Ball — Adidas) circumference 27"-28", weight 4 oz.-16 oz.

Rule 3 — Number of Players. Each team consists of 11 players, one of whom must be the goalkeeper. A maximum of three substitutes may be used.

Rule 4 — Player Equipment. Consists of a shirt, shorts, stockings and shoes. Goalkeeper must wear colors which distinguish him from the other players.

Rule 5 — Referees. One referee is appointed for each match. He is responsible for control of the game and his decisions are final.

Rule 6 — Linesman. Two linesmen assist the referee by indicating offside, when the ball is out of play, and which team is entitled to the corner kick or throw in.

Rule 7 — Duration of the Game. Shall be two equal periods of 45 minutes unless otherwise agreed upon.

Note: See NASL Tiebreaker Procedure.

Rule 8 — The Start of Play. A flip of coin decides which team will kick off. Each team must stay on its own half of the field and the defending players must be at least 10 yards from the ball until it is kicked.

After a goal the team scored upon will kick off. After halftime the teams change ends and the kickoff will be taken by the opposite team to that which started the game. A goal cannot be scored directly from a kickoff.

Rule 9 — Ball In and Out of Play. The ball is out of play when (a) it has wholly crossed the goal line or touchline, whether on the ground or in the air, or (b) when the game has been stopped by the referee.

Rule 10 — Method of Scoring. A goal is scored when the whole of the ball has passed over the goal line, between the goal posts and under the cross bar.

Rule 11 — Offside. A player is in an offside position if he is nearer to his opponents' goal line than the ball, unless:
a) he is in his own half of the field of play, or
b) there are at least two of his opponents nearer their own goal line than he is.

A player shall only be declared offside and penalized for being in an offside position, if, at the moment the ball touches, or is played by, one of his team, he is, in the opinion of the Referee:

Rules

- a) interfering with play or with an opponent, or
- b) seeking to gain an advantage by being in that position.

A player shall not be declared offside by the Referee:

- a) merely because of his being in an offside position, or
- b) if he receives the ball, direct, from a goal kick, a corner kick, a throw-in, or when it has been dropped by the Referee.

If a player is declared offside, the Referee shall award an indirect free kick, which shall be taken by a player of the opposing team from the place where the infringement occurred, unless the offense is committed by a player in his opponent's goal area, in which case, the free kick shall be taken from a point anywhere within that half of the goal area in which the offense occurred.

Note: This is the Traditional Rule. In 1973 the NASL introduced a "Blue Line" concept with a line drawn the width of the field 35 yards from each goal (see diagram). Under the new rule an attacking player is not offside until he is within 35 yards of his opponent's goal rather than midfield, as under the Traditional Rule.

Rule 12 — Fouls and Misconduct. A player who intentionally attempts to or actually: (a) kicks, (b) trips, (c) jumps at, (d) charges violently, (e) charges from behind, (f) strikes, (g) holds or (h) pushes an opponent, or (i) intentionally handles the ball shall be penalized by a direct free kick. Any one of these nine offenses committed in the penalty area by a defender will result in the awarding of a penalty kick to the offensive team.

A player committing less flagrant violations such as offside, dangerous plays, obstruction or ungentlemanly conduct will be penalized by an indirect free kick.

Rule 13 — Free Kicks. Are classified into two categories: "Direct" (from which a goal can be scored directly against the offending side) and "Indirect" (from which a goal cannot be scored unless the ball has been touched by a player other than the kicker before entering the goal).

For all free kicks the offending team must be at least 10 yards from the ball until it is kicked.

Rule 14 — Penalty Kick. A direct free kick taken at the penalty mark. All players except the player taking the kick and the goalkeeper must stay outside the penalty area and at least 10 yards from the ball (hence the arc at edge of penalty area).

Rule 15 — Throw in. When the ball has wholly crossed the touchline it is put back into play by a throw in from the spot where it went out and by a player from the opposite team that last touched it. A goal cannot be scored directly from a throw in.

Rule 16 — Goal Kick. When the ball has wholly crossed the goal line after being last touched by a player from the attacking team, it is put back into play by a kick from the goal area by the defending team.

Rule 17 — Corner Kick. When the ball has wholly crossed the goal line after being last touched by a player from the defending team, it is put back into play by a kick from the corner on the side the ball went out by the attacking team.

NASL Tiebreaker Procedure/ The Shootout

NASL games which are tied at the end of regulation play will be extended by 15 minutes of "sudden death" overtime (two 7½-minute periods). A flip of the coin will decide which team will kick off. The first team to score a goal, either from the field or by a penalty kick, wins the game.

If the game remains tied at the end of the second overtime period, the outcome will be decided by The Shootout which involves players on each team challenging the opposing goalkeeper in a one-on-one situation.

The visiting team will kick first and each team will take five chances in alternate order. Attacking players will start with the ball on the 35-yard line and must take their shot within five seconds. Goalkeepers have no movement restrictions within the five-second period in accordance with normal rules of play.

The kicks shall be ended when one team has achieved an insurmountable advantage, such as scoring on its first three kicks while their opponents miss their first three.

If the teams remain tied after the prescribed five attempts, they shall continue to take alternate kicks until one has scored more than the other after an equal number of attempts. Only players in the game at the end of the second overtime period shall be eligible to take such kicks except that each team may substitute for its goalkeeper at any time during the Shootout. Such a substitute may be selected from any of the players included on a team's official line-up card submitted prior to the start of the game. However, once a goalkeeper has been substituted for, he may not be reinstated. Goalkeepers shall not take kicks. No player may take a second kick until all other eligible members of his team have done so, at which time they shall continue in any order the team may wish, i.e., they do not have to kick in the same rotation.

History

The Rochester Lancers were officially born in 1967 when the club joined the American Soccer League. However, it wasn't until 1970 that the Lancers were asked to become a member of the struggling North American Soccer League. The NASL was down to four teams and with the addition of both the Lancers and Washington Darts, operated with 6 teams in 1970. The Lancers won the Northern Division in that first year and went on to defeat the other new team, the Washington Darts in the Championship series.

The next year, 1971, the Lancers again won the Northern Division, but were defeated 2 games to 1 in the first round of the playoffs by Dallas. The first game of the set, a 2-1 Rochester win, is the longest game in NASL history, 176 minutes.

The Lancers finished 2nd in the Northern Division in 1972 and were eliminated by St. Louis in the first round of the playoffs. Rochester hit low tide between 1973 and 1975, but in 1976 with the hiring of Coach Dragan Popovic, the fortunes of the club turned around.

The Lancers qualified for the playoffs in 1976, but a last second goal in Toronto dashed all hopes for the Soccer Bowl in Seattle. The 1977 season brought better things. The Lancers again finished 3rd in their division, but after playoff victories over St. Louis and Toronto, the Lancers faced the Cosmos in the semi-final round. Rochester lost that series, but not before 20,005 showed up for the home game against New York.

1978 and 1979 again proved to be frustrating years for the Lancers. Both times the club missed qualifying for the playoffs. In 1979 it was by one point. Rochester actually had a better record (15-15) than 2 other clubs in the conference who qualified for post season action.

The Lancers are the second oldest NASL franchise and they're looking to repeat in 1980 what they accomplished in 1970, the NASL championship.

Ron DeFrance and Tom Pipines again will be handling the announcing. WOKR-TV is an ABC affiliate and will also pick up the national ABC-TV soccer games.

The following are the games scheduled to be televised:

Saturday, April 12 at Ft. Lauderdale. Air-time 8:00 PM.

Saturday, April 26 at Tampa Bay. Air-time 8:00 PM.

Saturday, June 7 at Portland. Air-time 10:30 PM.

Friday, July 4 at Dallas. Air-time 9:00 PM.

Sunday, July 27 at Washington. Air-time 2:30 PM.

Saturday, August 2 at Minnesota. Air-time 9:00 PM.

Sunday, August 24 at New York. Air-time 7:30 PM.

Lancers On Radio

All 32 games, both home and away, will be broadcast over WDKX (104.1) FM. Wayne Fuller will do the play-by-play for the 6th straight year. All games start 5 minutes before kick-off with the pre-game show.

Visiting Radio Lines

The Lancers will provide two regular telephone lines with a voice coupler and an exclude key for use by visiting radio announcers. No advance notice of intention to broadcast is necessary as these phones are available every game. The only thing the Lancers ask is that all long distance calls be placed either collect, third phone, or credit card.

The visiting radio booth is located in the east end of the press box.

The telephone numbers for the two lines are:

716-647-1536

716-647-2429

Media

Visiting Television

The Lancers want to know as soon as possible of the intent to televise at Holleder Stadium. Special arrangements have to be made within the stadium.

Lancers' Hotel

The Lancers are recommending that visiting teams stay at the Americana Rochester Hotel at 70 State Street in downtown Rochester. It is in easy walking distance of several restaurants and is only three blocks from Midtown Plaza. The Americana is a full service hotel. It is 5 miles from Holleder Stadium and takes about 15 minutes to reach. The Americana is about 4 miles from the Rochester-Monroe County Airport and takes about 10 minutes to reach.
